Our Journey

Timeline

What We Offer

Industries and Our Solutions

Our Solutions

Devotion to **Customer Satisfaction**

Heavy Industry

Power Quality

Turn Key Solutions

We provide turn-key solutions to heavy industry for power quality improvement

Utilities

Smart Grids

Integrated Platform

Single integrated platform for SCADA, DMS, OMS and WFM Applications for utilities

Generation

Renewables

Portfolio Management

Performance management platform for solar, wind and hydro power plants

Prosumers

Energy Efficiency

IoT and Big Data Solutions

Holistic approach to energy management with integrated IoT hardware and software

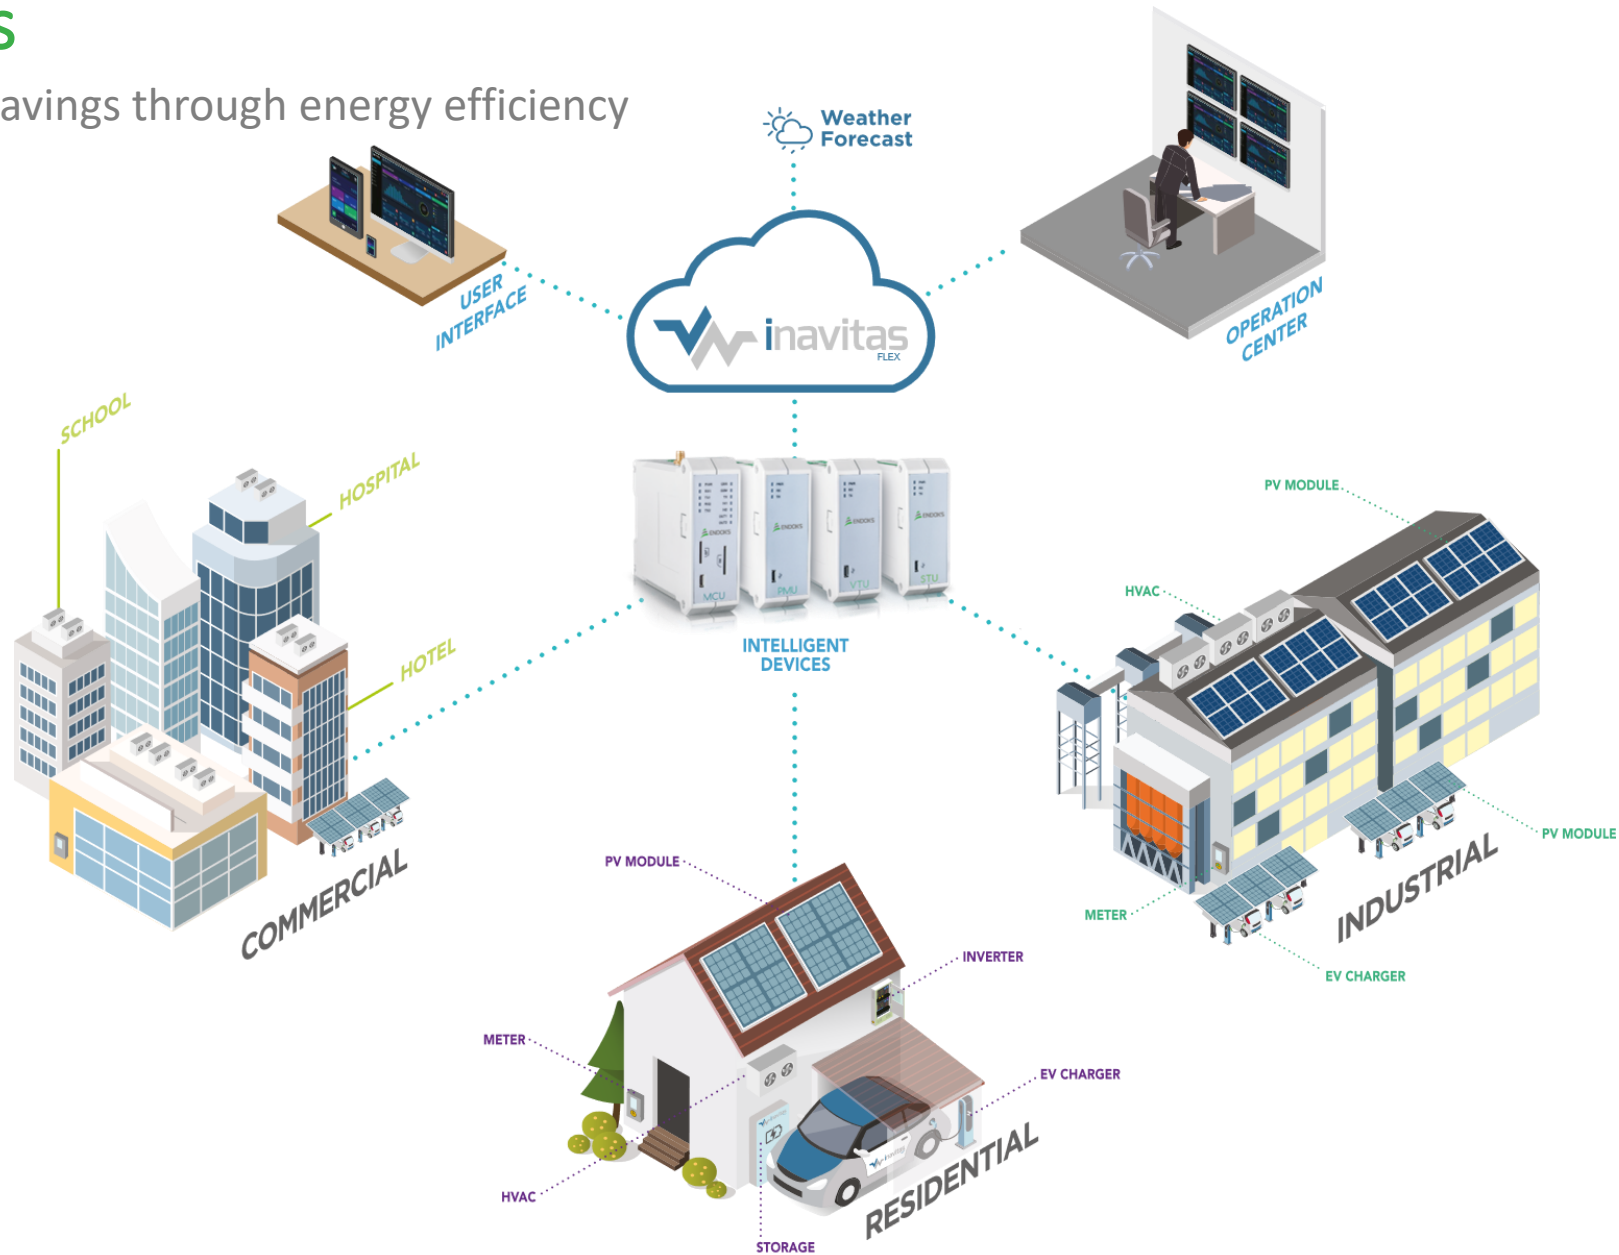

Software Solutions

Solutions for Prosumers

for higher energy efficiency

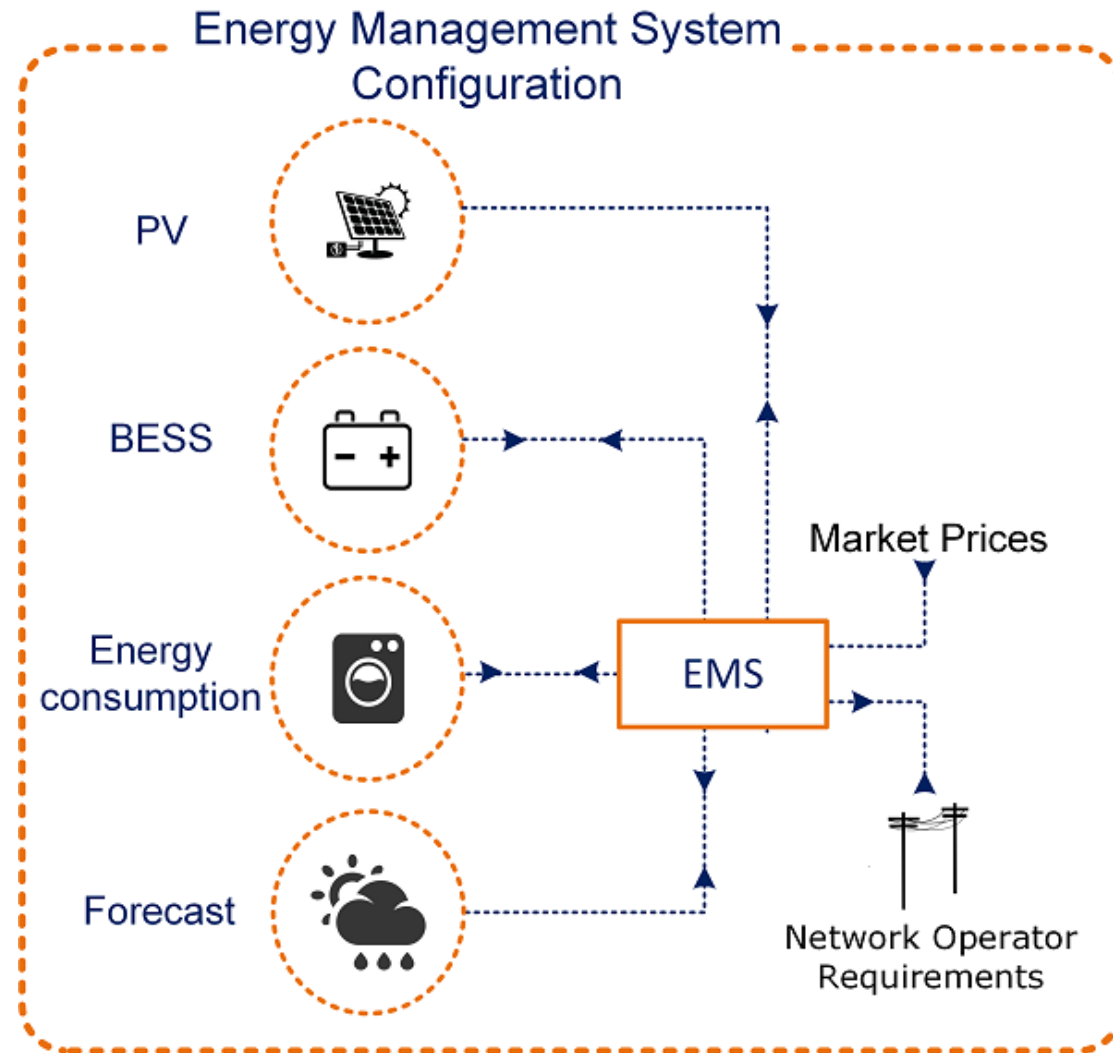

Consumers

INAVITAS Flex - Savings through energy efficiency

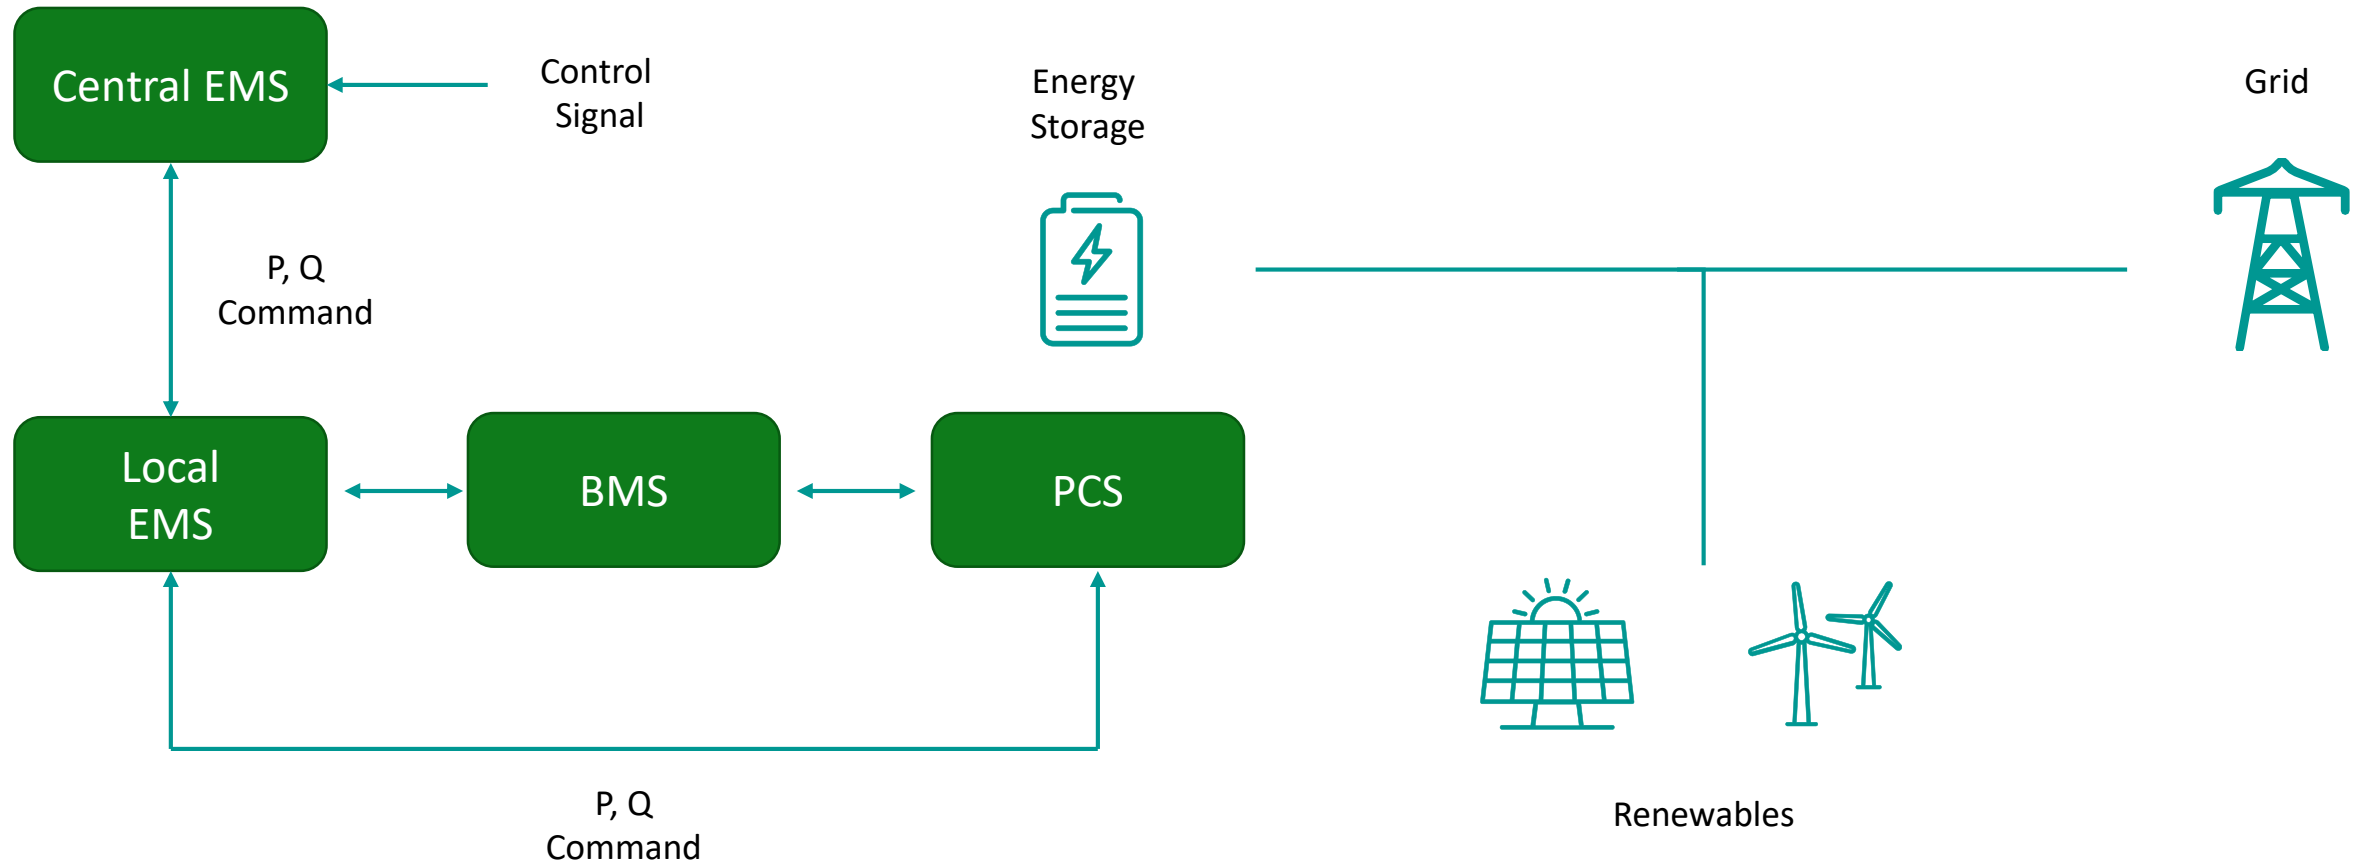

Energy Management System

General Concept

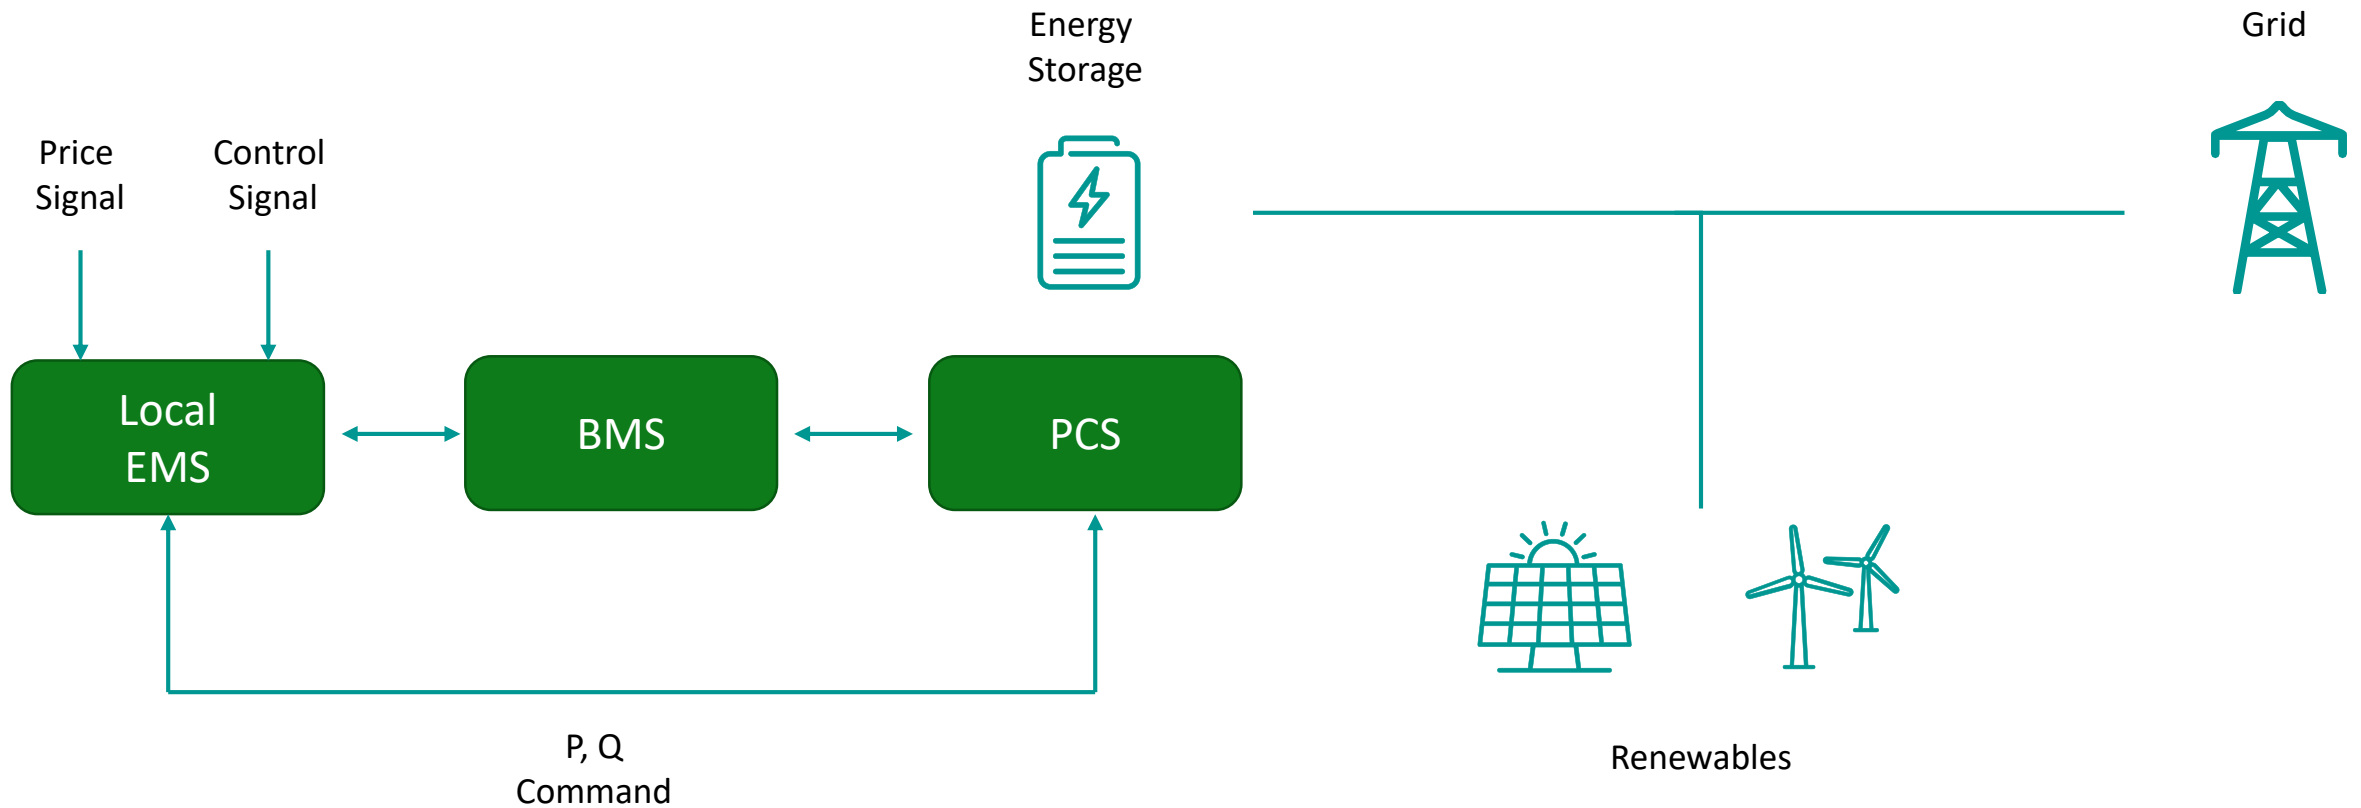

Energy Management System

Central Management of Distributed ESSs

Energy Management System

Local Management

Energy Management System

A Team Game

Central EMS

Global Optimisation

Decide operating mode and derive the optimal solution for the required one

Local EMS

Coordination

Coordination between the PCS and BMS for higher reliability and efficiency

BMS

Performance and Reliability

Necessary measurement and protection to increase the battery performance
