MSCA explained by National Contact Points

COFUND | Doctoral Networks | MSCA and Citizens | Postdoctoral Fellowships | Staff Exchanges

### All actions: Why were MSCA templates tagged in 2022?

The use of electronic tags in proposal templates has been applied at corporate level to most of the programmes funded by the European Commission. It aims to facilitate plagiarism checks, for purely internal processing purposes, by separating the different sections of a proposal. It has neither been used nor intended to be used during the MSCA evaluations.
