SCOPE

- This Guide is an UNOFFICIAL document prepared by RADIANCE, the EU-funded project of National Contact Points (NCP) for the Marie Skłodowska-Curie Actions (MSCA).
- The information contained in this document is intended to assist and support, unofficially and practically, anyone submitting a proposal to the MSCA Postdoctoral Fellowships Call with the **deadline of 10th September 2025**.
- This document is not, by any means, a substitute for official documents published by the European Commission, which in all cases must be considered binding. As such, this document is to be used in addition to the official call documents: **MSCA Work Programme 2023-2025** and **Guide for Applicants for PF**.
- This step-by-step submission guide with visual aids will help applicants navigate the proposal submission process in the Funding & Tender Opportunities Portal.
- Please contact the MSCA NCPs of your country for further inquiries about the MSCA Postdoctoral Fellowships (PF) Call.
- Please contact ncpmobility@tubitak.gov.tr for further inquiries about this guide.

National Contact Points (NCPs) have been set up across Europe and beyond by the national governments to provide information and personalised support to HE applicants in their native language. The mission of the NCPs is to raise awareness, inform and advise on HE funding opportunities as well as to support potential applicants in the preparation, submission and follow-up of grant applications. For details on the NCP in your country, please consult the National Contact Points website:

<https://horizoneuropencpportal.eu/ncp-networks/msca/find-your-ncp>

Now, please follow the steps to submit your MSCA-Postdoctoral Fellowships proposal via the Funding & Tenders Opportunities Portal.

Open EU Funding & Tenders Portal

Click on the link: <https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/home>

The screenshot shows the homepage of the EU F&T Portal. At the top left, there is the European Commission logo and the text 'EU F&T Portal'. To the right, there are 'Sign in' and 'EN' buttons. Below the header is a large banner image featuring a collage of various scientific and technological scenes, with several yellow stars overlaid. Below the banner, the text 'Discover the funding & tenders opportunities' is followed by a link to 'these key steps'. There are four main content boxes arranged in a 2x2 grid:

- Find calls for proposals**: Explore the available EU funding opportunities by searching for calls for proposals within your topics of interest, find partners and submit a proposal.
- Find calls for tenders**: Find business opportunities in the calls for tenders managed by EU institutions, bodies and agencies.
- View projects and results**: Browse through EU funded projects and learn about the results. Invest in opportunities and get inspired by the highlights and success stories.
- Work as an expert**: Proposals and projects need evaluations, monitoring and domain-specific knowledge advice from experts.

Find the Call

• Search for it under the Funding tab. Choose Call for Proposals. Filter the Calls by writing Postdoctoral Fellowships. Be careful – find the open call: HORIZON-MSCA-2025-PF-01

Need help?

• You can download a manual for the HE submission system via this link.

• You can start submitting your proposal by choosing the relevant panel for you.

• Each applicant may submit only one proposal per call. If you would like to apply with a host institution based in a European Member State (MS) or an Associated Country (AC) you should choose European Fellowships Panel. If you would like to apply with an institution based in a third country you should choose Global Fellowships (GF) Panel. Do not forget that when you choose GF panel you will have to add another institution based in an MS or AC which will act as the coordinator of your project.

Need help? – IT How To

The proposal submission process

It is very important that you familiarize yourself with the overall research and innovation grant process by first consulting the [How to participate](#) page on the [Funding Tenders Portal](#). There you will find a wealth of information, including the [Online Manual](#) and numerous [Reference Documents](#), the Participant register, and a comprehensive set of support documentation. Please read through all these resources prior to starting your Submission process.

Proposal submission preparatory checklist

In preparation for your online application submission process, you must go through the following steps:

1. Decide on the funding opportunity that you want to apply for. [Funding Opportunities](#) are categorised as Calls, Topics and Types of Actions.
2. Select your Participants. Most calls require a consortium. Relevant information can be found on the [Funding & Tenders Portal](#).
3. Register as a user in the European Commission Authentication Service (EU Login). See [How to authenticate with EU Login](#) for more information.
4. All organisations participating in a proposal must register in the [Participant register](#) through the [Funding & Tenders Portal](#) and receive a Participant Identification Code (PIC). Additional information is available in [Register an organisation](#).

✓ All organisations participating need to be registered. There is no need for the organisation to have been validated previously by the European Commission, since the validation of the organisations in consortia happens only when your proposal has been selected for funding.

Quick steps to the online submission process

The following basic tasks summarise in the online submission process:

- 1 Log into the Funding & Tenders Portal and select your topic.
These are actions you perform before actually creating your proposal. See [How to authenticate with EU Login](#) for support on logging in and [Find a call](#) to see how to select a topic.
- 2 Create a draft for your proposal.
See [Create proposal](#) for full details on how to create the draft.
- 3 Manage Participants (i.e. proposal consortium). The participants will be invited to the process by the system.
Once you have created and saved the draft, you are able to manage your consortium. See [Participants](#) for support performing this task.
- 4 Edit the proposal draft form.
Edit the proposal form and complete all required information. Engage the other participants to maintain their organisation contacts and the details in the corresponding sections of the proposal form Part A. This task is explained in [Proposal forms](#).
- 5 Upload Part B and the rest of annex files and submit your proposal.
Additional to the Part A (main proposal form), all calls require a so called Part B. This is a set of templates specific to the call that you will need to download, complete and upload back in your proposal. This task is explained in [Proposal forms](#).

For submitting the proposal, see [Submit](#).

Terms and Conditions..

Terms and Conditions for the Submission of Applications

Please read and accept this disclaimer to proceed with the creation of your draft proposal:

Proposal data

1. Confidentiality: Applications (and any additional information provided for the award) will be considered confidential and treated according to the same principles as those set out in the grant agreement. We may in particular have to share applications with other EU institutions and bodies in order to perform the pre-award checks required by the EU Financial Regulation. Please also be aware that we may have to publish the information contained in the Abstract/Short Summary and Keywords in Part A. Please avoid adding any confidential information in that section.

2. Access to pre-registration data: Please be aware that certain information from the draft proposals will be accessed by us before the call deadline, in order to plan the evaluation. This concerns call ID, topic ID, type of action ID, participant identification code (PIC), project acronym, abstract, panel and keywords.

I agree that the pre-registration data becomes available to the European Commission services prior to call closure.

I wish that the pre-registration data does not become available to the European Commission services prior to call closure. (Applicants are advised to use this option only in well justified cases, as it hinders the planning of the evaluation process and the timely processing of proposals).

Technical requirements

3. Part B file format: Part B of the Application Form (Technical Description) must be uploaded as PDF (equivalent to Adobe Acrobat v5 or higher, with embedded fonts).

4. Part B page limits: Applications are subject to the page limits set out in the call conditions. Excess pages will be made invisible and not available to the evaluators. Mandatory annexes and supporting documents do not count towards the page limit.

5. Time constraints: Preparation and uploading of the files in the Submission System may take some time. Don't wait until the end. Problems due to last minute submissions (e.g. congestion, etc) will be entirely at your risk.

Submission

6. Applications must be submitted before the call deadline. You can withdraw your application or make changes to it, provided this is done before the call deadline. Submission of a new application overwrites the previous version.

Personal Data

7. Personal data linked to the application, evaluation or award of grants, prizes and contracts will be processed in

Draft proposal PFTest-2025 created

Dear [redacted]

You have successfully created a draft proposal PFTest-2025 for the call HORIZON-MSCA-2025-PF.

You can continue editing your draft proposal now or access it at a later time, but before the deadline of **10 September 2025 17:00:00 (Brussels Local Time)** from the [Funding & Tenders Portal](#) by accessing the [My Proposals](#) tab.

An email containing this information has been sent to this email address [redacted] (which is associated with your EU Login account n002dgr4).

[Go to My Proposals](#) [Continue with this proposal](#)

- You can edit your proposal till the deadline.
- Do not wait until the last minute. Try to submit your proposal at least one day before the deadline.

- Click here to continue.

How to edit your proposal?

The screenshot shows the 'EU Funding & Tenders Portal' interface. The 'Proposals' section is active, displaying a table with one proposal in 'Draft' status. A pink oval highlights the proposal row, and another pink oval highlights the 'Actions' menu icon (three vertical dots) for that proposal. A pink arrow points from this icon to a zoomed-in view of the 'Actions' menu, which contains 'Edit Draft' and 'Delete Proposal' options. A pink callout box with a bullet point provides instructions on how to access this section.

Declarations

Field(s) marked * are mandatory to fill

- 1) We declare to have the explicit consent of all applicants on their participation and on the content of this proposal. *
- 2) We confirm that the information contained in this proposal is correct and complete and that none of the project activities have started before the proposal was submitted (unless explicitly authorised in the call conditions). *
- 3) We declare:
 - to be fully compliant with the eligibility criteria set out in the call
 - not to be subject to any exclusion grounds under the [EU Financial Regulation 2018/1046](#)
 - to have the financial and operational capacity to carry out the proposed project. *
- 4) We acknowledge that all communication will be made through the Funding & Tenders Portal electronic exchange system and that access and use of this system is subject to the [Funding & Tenders Portal Terms and Conditions](#). *
- 5) We have read, understood and accepted the [Funding & Tenders Portal Terms & Conditions](#) and [Privacy Statement](#) that set out the conditions of use of the Portal and the scope, purposes, retention periods, etc. for the processing of personal data of all data subjects whose data we communicate for the purpose of the application, evaluation, award and subsequent management of our grant, prizes and contracts (including financial transactions and audits). *
- 6) We declare that the proposal complies with ethical principles (including the highest standards of research integrity as set out in the [ALLEA European Code of Conduct for Research Integrity](#), as well as applicable international and national law, including the Charter of Fundamental Rights of the European Union and the European Convention on Human Rights and its Supplementary Protocols. [Appropriate procedures, policies and structures](#) are in place to foster responsible research practices, to prevent questionable research practices and research misconduct, and to handle allegations of breaches of the principles and standards in the Code of Conduct. *
- 7) We declare that the proposal has an exclusive focus on civil applications (activities intended to be used in military application or aiming to serve military purposes cannot be funded). If the project involves dual-use items in the sense of [Regulation 2021/821](#), or other items for which authorisation is required, we confirm that we will comply with the applicable regulatory framework (e.g. obtain export/import licences before these items are used). *
- 8) We confirm that the activities proposed do not
 - aim at human cloning for reproductive purposes;
 - intend to modify the genetic heritage of human beings which could make such changes heritable (with the exception of research relating to cancer treatment of the gonads, which may be financed), or
 - intend to create human embryos solely for the purpose of research or for the purpose of stem cell procurement, including by means of somatic cell nuclear transfer.
 - lead to the destruction of human embryos (for example, for obtaining stem cells)
 These activities are excluded from funding. *
- 9) We confirm that for activities carried out outside the Union, the same activities would have been allowed in at least one EU Member State. *

The coordinator is only responsible for the information relating to their own organisation. Each applicant remains responsible for the information declared for their organisation. If the proposal is retained for EU funding, they will all be required to sign a declaration of honour.

False statements or incorrect information may lead to administrative sanctions under the EU Financial Regulation.

Gender Equality Plan

Does the organization have a Gender Equality Plan (GEP) covering the elements listed below?

Yes No

Minimum process-related requirements (building blocks) for a GEP

- **Publication:** formal document published on the institution's website and signed by the top management
- **Dedicated resources:** commitment of human resources and gender expertise to implement it.
- **Data collection and monitoring:** sex/gender disaggregated data on personnel (and students for establishments concerned) and annual reporting based on indicators.
- **Training:** Awareness raising/trainings on gender equality and unconscious gender biases for staff and decision-makers.
- **Content-wise, recommended areas to be covered** and addressed via concrete measures and targets are:
 - o work-life balance and organisational culture;
 - o gender balance in leadership and decision-making;
 - o gender equality in recruitment and career progression;
 - o integration of the gender dimension into research and teaching content;
 - o measures against gender-based violence including sexual harassment.

- Having a Gender Equality Plan is an eligibility criterion for public bodies, Higher education establishments and research organisations from Member States and Associated Countries. Be aware that if the proposal is selected, having a Gender Equality Plan will be necessary before the grant agreement signature.
- However, you can choose 'No' if you do not have a GEP during the application process.
- (For the other types of organizations, it's not an eligibility criterion.)

Other Questions

4. Yes No

. Do you wish to participate to the ERA Postdoctoral Fellowships and thus increase your chances of being funded? If you don't reply or if you maintain 'No' as your answer, be aware that your proposal will not benefit from an extra chance of being funded under the ERA Postdoctoral Fellowships in case it cannot be funded under the MSCA Postdoctoral Fellowships (MSCA-PF). A dedicated budget from the Work Programme "Widening participation and strengthening the European Research Area" has been set aside to fund those proposals. European Postdoctoral Fellowships proposals where the host organisation is located in an eligible widening country (according to the PIC number) but were not funded under MSCA-PF call due to a lack of budget, can be automatically duplicated into the ERA Postdoctoral Fellowships call. Eligible proposals will be duplicated into the ERA Postdoctoral Fellowships call only if you express your wish to do so. Your decision not to participate in the ERA Postdoctoral Fellowships will not affect your chances of being funded directly under the MSCA-PF call.

5. Are the research and training activities proposed addressing topics related to nuclear sciences and technology, as outlined in the Guide for applicants for this call and the Euratom Research and Training Programme (ERTP)? ** Yes No

- See the validation results.
- When all required information is complete there will not be any validation errors.

- You will see other specific questions to define your specific situation on the Project. Answer each of them accordingly.

- If you would like to participate in the ERA Fellowship option, do not forget to confirm your decision here by clicking YES.
