ERC Starting Grant Panels 2025

Members of the ERC Peer Review Panels

The list below includes the panel chairs and the panel members in the ERC Starting Grant peer review process, identified and invited by the ERC Scientific Council. There are in total 28 panels, divided between 3 domains as follows: 9 panels in Life Sciences (LS), 8 panels in Social Sciences & Humanities (SH) and 11 panels in Physical Sciences and Engineering (PE). The full list of ERC peer reviewers (panel members and remote referees) will be published by the European Commission after the conclusion of the current peer review process.

Note to applicants: This information is given for reasons of transparency. Under no circumstances should Peer Reviewers be contacted by applicants, potential applicants, or potential host institutions. Please also note that ERC Peer Reviewers are bound to confidentiality during the evaluation and afterwards. Hence, they are not allowed to communicate about the evaluation and/or specific proposal(s) with the principal investigators or potential team members or persons linked to them even after the completion of the evaluation process.

ERC Starting Grant Panel 2022

Members of the ERC Peer Review Panels

The list below includes the panel chairs and panel members in the ERC Starting Grant peer review process, identified and invited by the ERC Scientific Council. There are in total 27 panels, divided between 3 domains as follows: 9 panels in Life Sciences (LS), 7 panels in Social Sciences and Humanities (SH) and 11 panels in Physical Sciences and Engineering (PE). The full list of ERC peer reviewers (panel members and remote referees) will be published by the European Commission after the conclusion of the current peer review process.

Note to applicants: This information is given for reasons of transparency. Under no circumstances should Peer Reviewers be contacted by applicants, potential applicants or potential host institutions. Please also note that ERC Peer Reviewers are bound to confidentiality during the evaluation and afterwards. Hence, they are not allowed to communicate about the evaluation and/or specific proposal(s) with the principal investigators or potential team members or persons linked to them even after the completion of the evaluation process.

Members of the ERC Peer Review Panels

The list below includes the panel members in the ERC Starting Grant 2020 peer review process, identified and invited by the ERC Scientific Council. There are in total 25 panels, divided between the three domains as follows: 9 panels in Life Sciences (LS), 10 panels in Physical Sciences and Engineering (PE), and 6 panels in Social Sciences and Humanities (SH).

Panel chairs appear at the top of each panel list, followed by panel members in alphabetical order.

Note to applicants:

This information is given for reasons of transparency. Under no circumstances should peer reviewers be contacted by applicants, potential applicants or potential host institutions.

ERC Starting Grant Panel 2017

Members of the ERC Peer Review Panels

The list below includes the panel members in the ERC Starting Grant 2017 peer review process, identified and invited by the ERC Scientific Council. There are in total 25 panels, divided between the three domains as follows: 9 panels in Life Sciences (LS), 10 panels in Physical Sciences and Engineering (PE), and 6 panels in Social Sciences and Humanities (SH).

Panel chairs appear at the top of each panel list, followed by panel members in alphabetical order.

Note to applicants:

This information is given for reasons of transparency. Under no circumstances should peer reviewers be contacted by applicants, potential applicants or potential host institutions.

ERC Starting Grant Panel 2014

Members of the ERC Peer Review Panels

The list below includes the panel members in the ERC Starting Grant 2014 peer review process, identified and invited by the ERC Scientific Council. There are in total 25 panels, divided between the three domains as follows: 9 panels in Life Sciences (LS), 10 panels in Physical Sciences and Engineering (PE), and 6 panels in Social Sciences and Humanities (SH).

Panel chairs appear at the top of each panel list, followed by panel members in alphabetical order.

Note to applicants:

This information is given for reasons of transparency. Under no circumstances should peer reviewers be contacted by applicants, potential applicants or potential host institutions.

Questions can be addressed to:
